

holic diseases; poor health; headache; nervousness; indigestion; dryness of the skin; vague aches and pains; digestive upsets; constipation; diarrhea; irritability; insomnia; inflammation of the mouth; mental depression; neuritis; loss of weight; swelling and reddening of the tongue; fatigue; reddening of the lips; dizziness; loss of muscle tone; soreness about the angles of the mouth; premature old age; anemia; weak blood; lowered resistance; burning eyes; tired, over-sensitive eyes; inability to see well at night; poor teeth and gums; depressed feelings; poor absorption of vitamins and minerals from the nutrients in the daily diet; circulation diseases; hardening of the arteries; heart attack; cerebral hemorrhage; blood clot; poor eyesight; itches, burns, and sensations of roughness of the eyes; feeling of insufficiency or depression; muscle and joint pains; irregular bowel habits; severe constipation; lack of vigor; night blindness; infections entering through the eyes, ears, tongue, intestines, sinuses, and bladder; colds; nerve degeneration; loss of hair; fat in the liver; poor sex function; polio; pneumonia; lack of normal growth; poor heart action; arthritis; nearsightedness in children; sterility and lack of sex interest; paralysis; muscle pains; flabby muscles; prolonged blood clotting time; injury to the liver; jaundice and obstruction of the bile duct; hemorrhages in muscles and organs; goiter; abnormal mental health; and skin and hair troubles; and that the article would produce buoyant health, vitality, energy, and happiness, aid body assimilation processes; produce growth, development, and resistance to disease in children; result in longer life and freedom from the symptoms of old age; excite the blood forming processes; provide full release and utilization of body energy and proper fat metabolism; maintain blood vessels and connective tissues in good condition and preserve the strength of the capillary walls; protect the thyroid gland and build strong bones and teeth; and maintain better physical condition of the intestinal tract; that the *Lifelax* was needed to sustain life, and that the *Lifelax's* content of parsley contributed to the promotion of health; that its content of alfalfa caused it to have a diuretic effect and would help flush the bladder without harmful effects; that it contained watercress containing many minerals, vitamins, and enzymes helpful in the dietary intake; that its content of senna leaves would increase the appetite; that the article enabled the vitamins, minerals, and protein in the diet to be more effective; and that it would assist the Lifanu Corp. products to do a more effective job and aid in their utilization; that use of *LifeLean* would result in leanness throughout life and that *LifeLean* was adequate and effective as an appetite depressant and to curb the appetite and to lose weight.

The libel alleged also that the *LifAnu Food Supplement* was misbranded under the provisions of the law relating to foods, as reported in notices of judgment on foods.

DISPOSITION: 7-6-60. Consent—claimed by Lifanu Corp. of America, Fort Worth, Tex., and relabeled.

6334. Valer-Relax capsules. (F.D.C. No. 44578. S. No. 17-410 R.)

QUANTITY: 7 btls. at Englewood, Colo.

SHIPPED: 4-7-60, from Oakland, Calif., by Professional Products Co.

LABEL IN PART: (Btl.) "50 Capsules * * * Valer-Relax * * * Professional Products Co., Oakland, Calif. * * * This is an herb food supplement and contains: Valerian Root, 390 Mg.; Peruvian Bark, 9 Mg.; Vervian Root, 9 Mg.; Raspberry Leaves, 9 Mg.; Cola Nuts, 9 Mg.; Hop Leaves, 9 Mg.; Liverwort Root, 9 Mg.; Orange Flowers, 9 Mg."

ACCOMPANYING LABELING: Circulars entitled "Relax With Valer-Relax."

LIBELED: 5-20-60, Dist. Colo.

CHARGE: 502(a)—when shipped, the name and labeling of the article contained false and misleading representations that the article was capable of relaxing the user; that the article was an adequate and effective treatment for nervous tension, sleeplessness, tired feeling, and a host of disorders due to nervous tension; that the article would control emotions, prevent heart disease and hardening of the arteries, and gas pains around the heart, and was a natural relaxant; that the article would accomplish the same results as the true tranquilizing drugs; and that it would allay hunger pains and thereby result in weight reduction.

DISPOSITION: 7-12-60. Default—destruction.

6335. Nevalite Clay. (F.D.C. No. 43135. S. No. 40-680 P.)

QUANTITY: 23 7-oz. jars and 25 lbs. of refined clay at Reno, Nev., in possession of Nevalite, Inc.

SHIPPED: On 12-20-58, the crude clay was shipped from Searchlight, Nev., to Vernon, Calif., for grinding, and afterwards was shipped to Reno, Nev., for further refining, after which it was packed into jars by Nevalite, Inc.

LABEL IN PART: "Nevalite * * * Mineral Content: Silicon Dioxide, Aluminum Oxide, Iron Oxide, Calcium Oxide, Magnesium Oxide, Colloidal Gold. * * * Mined and Refined by The Nevalite Corp. at Searchlight, Nevada. Nevalite is a pure natural clay, having only such minerals as we have already in our body."

ACCOMPANYING LABELING: Leaflets entitled "Nevalite, Inc." and empty jars labeled as described above.

LIBELED: 5-15-59, Dist. Nev.; libel amended 7-10-59.

CHARGE: 502(a)—while held for sale, the labeling of the article contained false and misleading representations that the article was an adequate and effective treatment for arthritis, bursitis, healing of wounds, and dissolving calcium in joints.

DISPOSITION: 7-14-60. Consent—claimed by Nevalite Corp., and Arch S. Bailey. The claimants in their answer to the libel denied that the article was not an adequate and effective treatment for arthritis and bursitis, but consented to a decree of condemnation on the grounds that the article was not an adequate and effective treatment for healing of wounds or for dissolving calcium in the joints and was therefore misbranded. A portion of the clay was delivered to the Food and Drug Administration and the remainder was destroyed.
